

All the participants in our Year 8 'Charity Challenge' have now received their £5 start-up funding from the school and their new 'businesses' will trade for five weeks. On Tuesday, the Year 8 pupils did an admirable and energetic job of running stalls at morning break, to sell homemade cakes, cookies, brownies, keyrings, cards and other goods. Children in Years 3-8 were able to purchase items from the stalls, and they were enthusiastic shoppers. All the profits will be donated to our two chosen charities, Meseret for Women and Power2Inspire. Thank you again for generously supporting our young entrepreneurs!
