

## Pre Prep

Activities have now finished for the term and we shall shortly be allocating new ones for the summer term. Please ensure that you have made an application, via the VLE, for your child.

Please check the lost property box for any missing items before the end of term. For the return after Easter, please check that all items still have their name labels firmly sewn in place. In September the Pre Prep are adopting the system of requiring nametapes to be sewn to the outside of sports clothing, as used in Years 3 to 8. For this, you may need to order additional woven labels; please contact the uniform shop if you are unsure about how to do this. A uniform list for September will be sent in due course.
