

Salters' Chemistry Challenge

Our Year 8 pupils had a great day at the University Chemistry Department. Four Year 8s – Georgia D, Verity A, Jack S and Sarah B formed a team in the regional Salters' Chemistry Festival where they spent the day undertaking various practical challenges in which they were judged on their teamwork, practical skills and application of knowledge.

They competed with a large number of other schools and our team won first prize in The University Challenge. It is quite an accolade and our pupils are thrilled.
