

# UK Mathematics Trust Team Maths Challenge

Alyssa Conradie, Robert Gwilt, Nina Lane and Aman Bashir will make up a team to represent St Faiths' at the Regional Final of this year's UK Mathematics Trust Team Maths Challenge next Thursday. The Regional Final is to be held at the Centre for Mathematical Sciences on Wilberforce Road, Cambridge.

The UKMT has been running this Team Competition for the more able Year 8 and 9 mathematicians since 2003 and St Faith's won this round in 2015. The competition combines mathematical, communication and teamwork skills and offers pupils another way to express and develop their enjoyment of Mathematics. There are four rounds including a crossnumber round, a relay round, a shuttle round and a group round.
