

## The Smallpeice Trust Engineering courses for pupils

The Smallpeice Trust is an independent educational charity that runs hands-on science, technology, engineering and maths (STEM) activities and exciting engineering courses for pupils in Years 8-12. You may like to have a look at their website – particularly the residential *Ignition Courses* for Years 8 & 9. We have had a number of old Fidelians who have attended these courses in the past and they come highly recommended.
