

Summer Reading

With over 11,000 books, our library provides an extensive selection of new titles and old favourites as well as works of classic and contemporary literature.

If you would like some advice on where to start, please encourage your child to talk to their teacher in library lessons, or contact our librarian yourself, as we are always happy to offer suggestions and further recommendations.

The links below will take you to the recommended booklists for Years 3-8 via the library pages of the VLE.

We hope that they will prove a useful resource in encouraging your child to continue to read regularly during the summer holidays.

Year 3 and 4 Booklist
