

Pre Prep

As the term progresses we have found some unnamed clothing and it has been placed in the lost property box for collection. If you need to locate this it can be found by the cloakroom door in the main Southfield building. It is a good idea to check regularly that sewn in name tapes have not become detached, particularly with socks!

Our assembly focus this week was sharing our skills and talents for the benefit of everyone. If everyone shares their talents and works together we can make our school (world) a wonderful place. We will have classes where nobody feels left out because everyone will know that their talent will come in useful and be appreciated.
