

Cambridgeshire Chess Championship

I can't believe we're already about to start the fifth season of the CCC. It feels like only a few months ago that I met with three other local coaches to draft a plan for a six school chess league. Half a decade later and we have a thriving competition spanning the length and breadth of the county with 30 teams competing. On top of that, the St Faith's A-team has risen from mid-table also-rans to being last season's runners-up; we are seeking another podium finish this year. Good luck to our players on Saturday. We now boast the strength in depth to field four teams for the first time since the league's inception.
