

Art Enrichment Portraiture Workshop

with **Ceri Ann Littlechild**

On Tuesday, artist Ceri Ann Littlechild ran an art workshop with the Year 8 Enrichment group. In session one the children produced a detailed technical drawing of a still life. In session two, using watercolours and ink, the children focused on complementary colours to produce a portrait. In session three the children learnt how to add features such as hair and other finer details to their high contrast oil portraits.
