

# Sailing

St Faith's is looking to enter the IAPS Sailing Regatta taking place on the 16<sup>th</sup> & 17<sup>th</sup> May 2018. If there any pupils who have done some sailing in the past and may be interested in preparing for the event and participating in the regatta, could you please get in touch with Dr Nicola Hoyle to register an interest ([nhoyle@stfaiths.co.uk](mailto:nhoyle@stfaiths.co.uk)).

Many thanks.

## **Latest news...**

- *After a close battle navigating from Lisbon towards the shores of Brazil and across the south Atlantic, the Volvo Ocean Race boats are nearing their destination of Cape Town. Keep up to date with the latest reports from <http://www.volvoceanrace.com/en/home.html>*
- *New Zealand, the America's Cup victors, have unveiled the concept for the new America's Cup boat – the AC75. Watch the video here: [https://www.youtube.com/watch?v=rx2qG\\_YMrDs](https://www.youtube.com/watch?v=rx2qG_YMrDs)  
The future of boat design is all to play for. All thoughts and comments about how the design will work, how close boat on boat racing could be and how many engineers you think will be working on building one of these boats at the moment are welcome during Engineering classes.*
