Surgery Times

Years 3 & 4 tutors offer two surgeries, one in each half of the term. It is not obligatory for parents to attend and indeed if parents have a concern they should see the tutor as soon as possible and not wait until the surgery date. If a parent wishes to book a surgery time they are requested to contact the tutor at least a week in advance, stating the nature of the discussion. This then allows the tutor time to gather information from colleagues should it be necessary. Surgeries are particularly suitable if parents wish to have longer discussions with the tutor or require information or advice which will involve the tutor's consulting in advance with colleagues. Meetings will be held in the tutor classrooms.
