

Old Fidelian Wins Uppingham Public Speaking Competition

Uppingham School's Lower Fifth Think Tank competition took place this term with every pupil speaking on a topic of personal interest. After three rounds, the final was won by, Old Fidelian, Isabella Lewis for her presentation entitled 'Is Paddington an Illegal Immigrant?'

In the final Isabella spoke to a packed audience in the lecture hall and devised a strategy, using coloured sweets, for audience participation to estimate the number of Peruvians who are actually admitted through UK immigration each year. She also appeared to be quite versed in immigration and customs law. Apparently you are not permitted to bring marmalade into the UK under your hat!
