

Pre Prep Late Stay Assistant (Part Time)

Information for Applicants

The School's website contains a wealth of information which may be of interest to candidates. The following notes aim to provide, therefore just a brief overview of the School as well as further information about the advertised post.

Introduction

St Faith's is the largest prep school in Cambridge, one of the leading independent schools in the UK and a member of the Independent Association of Prep Schools (IAPS), which comprises the top 600 prep schools in the world. It caters for over 500 girls and boys, aged 4 to 13, and employs over 100 staff, including 50 teachers. Situated in the heart of Cambridge, on a spacious green site with outstanding facilities and easy access to the M11, St Faith's benefits from an enviable location and has the feel of a 'country' prep school with all the advantages of Cambridge on its doorstep. There is a tangible buzz of positivity in the School and new staff are often struck by the happy, productive and supportive atmosphere.

The School enjoys, both locally and nationally, a reputation for providing a first-class all-round education with a strong academic core and excellent pastoral care. Results in senior school entrance examinations have for many years been outstanding with leavers consistently achieving well over 20 scholarships each year. The School's commitment to academic excellence is matched by the value it places on the broader curriculum. The School provides a truly holistic education in which everyone is encouraged to discover their talents and then make the most of them. Pupils achieve a staggering array of success across the curriculum. In recent years, pupils have won national creative writing competitions, reached the final of National Schools' Maths Challenges, performed in regional and national music and theatre groups and competed in national sports finals (fourteen in 2016/17). St Faith's pupils are renowned for being great 'all-rounders' with strong inter-personal and leadership skills. As the Good Schools' Guide states, 'St Faith's is a very impressive school. Plenty of space, an excellent innovative education but, most importantly, a joyous place to be. Curriculum very much based on the future, a very forward-looking school.'

The School's Mission Statement, shown below, provides a succinct summary of our ethos.

St Faith's seeks to be a happy, inclusive and supportive community which welcomes families from all religious and cultural backgrounds. Underpinned by Christian values, we nurture every child as an infinitely valuable and uniquely gifted member of the St Faith's family. We aim to cultivate strength of character, distinguished inter-personal qualities, distinctive leadership ability and a keen sense of social responsibility. Our innovative and future-focused education builds on a strong academic heritage and promotes excellence in all areas.

St Faith's is a busy and an active school. Staff here are encouraged and expected to work to the highest professional standards, contributing to the very high regard in which the School and its staff are held by current and former pupils and their parents and ensuring that the children are given all the opportunities that should be available to them at a first-class independent school.

History

St Faith's was founded in 1884 to meet the educational needs of the sons of the Fellows of Cambridge University. R. S. Goodchild, the founder, reputedly named the School after his daughter Faith. In 1938 St Faith's became part of the same foundation as The Leys School, a prestigious senior independent school in Cambridge. Each school operates autonomously with each own staff, Head, budget and individual identity, yet benefits from a close relationship.

In the 1990s, the School moved from being a six-day a week boys' day and boarding school to a coeducational five-day a week day school.

Over time, St Faith's has thrived and grown into the one of the largest prep schools in the country, with outstanding facilities and a healthy financial position. Well-known alumni include John Maynard Keynes (economist), Christopher Cockerell (inventor of the hovercraft) and Alex Goode (England rugby player).

St Faith's is in many ways a reflection of Cambridge. It has a long and distinguished history but has never stood still. The blend of traditional values and continuous desire to improve has enabled the School, like its neighbouring City, to develop successfully and earn its reputation for exceptional standards. When recruiting staff we look for outstanding individuals who can help us to preserve our traditional values and at the same time, be open-minded, innovative and dynamic, so that the School can continue to develop and lead the way in prep school education.

Structure of the School

Essentially there are three sections:

- (i) The Pre Prep which comprises three year groups – Foundation, Year 1 and Year 2 – with three classes in each. The Pre Prep is located at southern most part of the site with its own classrooms, playgrounds and staff. The children are taught by their

Class Tutor with the exception of Spanish, Music and Sport which are taught by specialists.

- (ii) Years 3 and 4 which comprises four classes in each year. The Class Tutor teaches the children for approximately half of their timetable, with the remainder being taught by specialists.
- (iii) Years 5 to 8 which comprises four classes in each year. Each class has a Tutor for pastoral purposes and all subjects are taught by specialists using departmental facilities.

Class size for all year groups is between 14 and 20 pupils. Teaching Assistants are employed for all classes up to Year 5 and for most practical subjects thereafter.

Facilities

St Faith's boasts very fine facilities, on a spacious green site. Essentially the twelve-acre site comprises four Georgian buildings complemented by spacious, purpose-built modern facilities. The most recently built accommodation includes a large Sports Hall (opened in 2011), Keynes (Music, Computing and Engineering) opened in 2006 and Ashburton (Science, Art, Drama, Maths, Classics, Library and assembly hall) opened in 1998. The latest project is a large three-story indoor 'hub' linking the Science, Engineering, Computing and Art and Design Departments; this state-of-the art facility will be completed in September 2018. The Leys and St Faith's Foundation also owns and uses twenty acres of sports fields, including two astroturf pitches, just two minutes' walk from the main St Faith's site. A virtual tour of the facilities can be viewed on the School website.

The Curriculum

The School curriculum far exceeds national requirements, covering all the National Curriculum subjects as well as Spanish (from age 4), Engineering (from age 7), and Classics (from age 9). An emphasis is placed on excellence and innovation and in recent times the School has received national and international recognition for its curriculum development.

In 2012, St Faith's was formally recognised by the Spanish Embassy for its outstanding language teaching. In 2013 The Royal Society awarded St Faith's Associate Status for its excellence in the teaching of Science and Maths. Also in 2013, the government designated St Faith's a Lead School for the teaching of Computing and for the past five years, our Head of Computing has provided support to over 25 schools in their quest to introduce the Computing curriculum. In 2014, St Faith's won the school's category of the Ashden Awards, an international competition which recognises beacons of excellence in sustainability; in this respect the School is seen as a world leader and is currently supporting many schools in the UK to roll out sustainability education programmes.

In 2015, St Faith's became the first school of this age range to introduce Engineering to the curriculum. This initiative has received accolades and support from the University of Cambridge, leading Engineering companies, and the James Dyson Foundation. The Times

Educational Supplement has short listed St Faith's for two awards – 'Prep School of the Year 2018' and 'Strategic Initiative of the Year' (for the introduction of Engineering).

The Pre Prep

There are nine Pre Prep classes housed in the Southfield buildings, in a secluded section of our spacious site. Each class is taught by a teacher supported by a full-time Teaching Assistant. The children also use some of the School's specialist facilities for particular lessons and benefit from subject specialist teaching in Music, Spanish, Games and PE. The youngest children follow the EYFS curriculum guidance and in KS1 they continue to learn through a cross curricular thematic approach.

In the Pre Prep we pride ourselves on providing a broad and balanced curriculum to promote the children's learning, personal growth and development. The children are encouraged to develop their knowledge and skills as they grow as independent learners; they learn to work and co-operate to become positive, responsible people; and their creativity is fostered through a wide range of cross-curricular activities. The values and attitudes the children learn from the way they are treated and expected to behave are an integral part of the curriculum.

Co-Curricular Activities

Co-curricular activities are important at St Faith's. They range from Music and Drama rehearsals, chess, reading, Art and model making to team sports training, golf, gymnastics and dance. All full-time teachers are expected to run at least one after-school activity each week; many run more than this. Currently over 50 activities are on offer to the children each week.

Many visits to places of local interest are planned to extend and enrich the curriculum, taking advantage of the fascinating possibilities of Cambridge and its environs. The School also runs a planned programme of residential trips, including an annual ski holiday to Austria, an outdoor adventure holiday to the Ardèche gorge, a language learning course in Spain, a Music tour to Liverpool, a Classics trip to Rome and Pompeii, and a Music and Sports tour to South Africa. These trips are popular, and staffing is carefully planned to allow as many teachers and support staff as possible to take part.

Entrants and Exits

Demand for places is high and the School is oversubscribed. Most children enter the School at age 4; there is no formal assessment at this stage other than a visit by the Head of Pre Prep to the child's nursery to ensure that he/she is ready for our school environment. An additional class is recruited at age 7 (Year 3) and occasional places become available in other year groups when current parents relocate. From Year 2 entry onwards our intake is academically selective, although only in so far as we seek to ensure that a child will cope with the demands of our strong academic curriculum. The overall academic ability of each year is well above the national average.

Approximately half of our leavers move to The Leys and the remainder transfer to a wide variety of independent and maintained schools in Cambridge and further afield; in recent years the most common destinations have been Uppingham, The Perse, King's Ely and St Mary's.

St Faith's Parents' Association

The School encourages open and positive professional links with parents. Social events for all the School community are organised by the St Faith's Parents' Association and in recent times have included a Fireworks Display, Christmas Fair, Summer Ball and wine-tastings.

Safeguarding

St Faith's is committed to recruitment procedures which carefully assess the suitability of all those it employs to work with children. All its employees are subject to an enhanced DBS check and references will be required.

Benefits

The School offers a generous remuneration package.

- Teaching staff receive a significant reduction in fees for their children who are educated at the School.
- The School encourages teachers to take part in the Teachers' Pensions Scheme.
- St Faith's owns properties which are made available for staff accommodation. The School can also provide support with rental costs in the first two years of appointment.
- Free membership of a private health scheme is offered to all teaching staff.
- Free membership of Cambridge University Botanic Gardens.
- All staff benefit from free membership of The Leys sports facilities, including a gym, sports hall and swimming pool.
- All staff are provided with free lunches in term time. Breakfast is also available at a subsidised cost to staff, parents and children each morning.
- A parking space is available on site on four days per week. On the fifth day, staff are expected to park off site. The School provides financial support for the purchase of a bicycle through the Cycle to Work scheme.
- All new members of staff receive a detailed programme of induction and mentoring throughout their first year. The School places high importance on professional development and all staff are expected to be proactive in furthering their skills and knowledge. Regular in-house training is provided and there is a substantial budget for staff to attend external courses.
- Class sizes are small, behaviour of pupils is very good and the School prides itself on having a happy, supportive and dynamic staff team. Teachers are allocated a very good

proportion of non-contact time to prepare lessons and mark pupils' work. New members of staff are made very welcome and great care and support is given to help them settle in and enjoy working as part of the community.

Cambridge

Cambridge is a wonderful place to live and work. The wide open green meadows in the city centre together with the beautiful architecture of the colleges make the city a very pleasant place. In recent times, Cambridge has become one of the fastest growing cities and exciting technology clusters in the world, with companies such as Microsoft and Apple sitting alongside the many start-up technology companies. The city's hospital, Addenbrooke's, located just a few minutes away from St Faith's, is expanding and will soon be the one of the largest hospitals in Europe and leading biomedical centres in the world. The expansion of Cambridge, and the science parks and Addenbrooke's in particular, has led to major housing developments in the area as Cambridge becomes an increasingly dynamic and cosmopolitan city.

The Application Process

Application for the posts is via an online application procedure which may be accessed from the school website (click on Further information then Vacancies). For short-listed candidates, there will be an opportunity to meet some staff as well as have a tour of the School. As part of the interview process we ask candidates to teach a lesson and complete a written task; further details will be provided in the interview invitation letter. References will be taken up for all short-listed candidates. The deadline for applications is 10am on Monday 25th June. Interviews will be held on Tuesday 3rd July 2018.

Job Description

Role Title: Pre Prep Late Stay Assistant
Responsible to: Pre Prep Late Stay Manager
Responsible for: The care and safety of pupils in the St Faith's Late Stay

St Faith's Late Stay staff are responsible to and work as directed by the Headmaster through the Head of Pre Prep and the Late Stay Manager. At all times, they are expected to uphold the good name of St Faith's and maintain confidentiality.

Key Tasks:-

- Take responsibility for the care and safety of pupils staying after the end of the normal school day
- Undertake the relevant administration including the register
- Act as leader in the running of the Late Stay session in the absence of the manager
- Welcome and settle the pupils for late stay, in the room, at the end of their normal school day
- Plan and organise play activities and supervise indoor and outdoor play
- Actively support children's emotional well-being

- Liaise with the catering department, class teachers, parents, school nurse and secretaries as appropriate
- Supervise tea ensuring hygiene and behaviour standards are met
- Ensure the collection of each pupil by an appropriate adult
- Administer first aid and manage body fluid spills as necessary

General Tasks:-

- To be aware of and follow Child Protection procedures and maintain a safe and happy environment for all in late stay
- To be mindful of the Health and Safety at Work Act 1974 and other legislative requirements at all times
- To be aware of and adhere to the school code of conduct and confidentiality
- To undertake other reasonable related tasks as requested by the Late Stay Manager / Head of Pre Prep
