

Swimming Gala v King's Ely

In our final swim gala of the year the St Faith's team did not disappoint, winning by points 101 points to 75 points.

This was the final preparation for our national qualifiers who go to the Aquatics Centre on Saturday. The U12 girls Medley relay team (Ania, Amelia, Emily and Nadine) swam their best time yet this year 1.13.94, and Chris H, Emily H, Nadine A and Ania K also swam their best times individually for the school, so all looks good for the weekend! A whole host of personal best times were set by other team members, and again, new school records were set. I am delighted to say that the swim team have won every gala they have competed in this academic year; well-done everybody.
