

Congratulations

Just before half term, Sofia Campos Bell was put forward by her Air Cadet squadron for junior hockey trials. At the first tournament, she represented Bedfordshire & Cambridgeshire and the team won silver. Due to her excellent performances in this tournament she was one of only 5 girls selected to go forward to the second level regional trials. After another full day of trials, she was delighted to be invited to join the Central & East Region team, which will compete at the National finals on 17th November.

Considering the Junior Hockey is under 15 and Sofia is only 12 (the minimum qualifying age), she has done remarkably well to reach national level, earning her Hockey Blues within just 2 months of joining cadets.

We look forward to hearing how Sofia and the team get on in the National finals later this month.
