

# Primary Mathematics Challenge Bonus Round

Following the success of our top four young mathematicians in Year 6 being invited to take part in the Bonus Round of the National Primary Mathematics Challenge, we now have the results of their endeavours.

All four acquitted themselves well in what was a demanding challenge sat by almost 3000 students nationally. (The following link will take you to this year's paper for those wishing to have a go!...<https://www.m-a.org.uk/resources/PMC%20February%202019.pdf> )

Congratulations go to Hetty Baldwin and Henry Wilson who achieved a Silver award, Maya Joseph-Browning who achieved a Bronze and commiserations to Ash Goel who just missed out on an award by three marks.

On Monday we look forward to further success with our Year 8 team competing in the Regional Finals of the UK Team Maths Challenge at Cambridge University.

Mr Kite  
Head of Mathematics
