

St Faith's Goblins at Cambridge University Science Festival:

Saturday 23rd March 2019 11:00 until 15:00

Schools Zone – The Hauser Forum, 3 Charles Babbage Road, CB3 0GT
(more information on this link)

Please come and support the Goblins this Saturday when they will be exhibiting their cars at the School Zone.

The Cambridge Science Festival is one of the largest science Festivals in Europe and offers a dazzling array of opportunities to learn about science, technology, engineering and maths. Teams of up to ten students from secondary schools and sixth form colleges, with an accompanying adult representative from the school, are invited to bring a display of science, technology, engineering or maths projects they have worked on in lessons or in science clubs, to show to an audience of the general public and University outreach officers.

Schools Zone is a great way of showing what is happening in schools and allowing students to be the science experts, engaging visitors and demonstrating enthusiasm, commitment and initiative in the future generation of scientists, technologists, engineers and mathematicians.

Mrs Oxborough
Teacher of Engineering
