

Indian Music Workshop and Curry Fundraiser

On Monday, June 3rd, we are having an exciting visit from a world renowned 'cellist and east and west music expert, Anup Biswas, who will be working with many of the children during the day. This project is a fund raiser for the Mathieson Music school in Kolkata where 50 poorest of the poor children receive a full boarding education with an emphasis on music.

After school we will have a strings workshop and then Kevin our prize-winning Head Chef, will be cooking up his homemade curry which will be served in the dining room. More information about how to obtain tickets will be issued soon.
