

Swim Gala: St Faith's v Bedford

Well done to all of those who took part in the gala against Bedford School on Tuesday. The Year 8 team did particularly well, coming away with the highest number of top three finishes in the races. IAPS have decided this year to move the U11 to U13 Butterfly races from 25m to 50m, so this was the first time our swimmers have had to swim at that distance. Quite a challenge, especially for Year 6. This means I have had to start a new list of school records (listed below), we only had 50m Butterfly records for U12 and U13 girls (which have been resurrected from several years ago), and I'm delighted to say that the U13 girls' school record set in 2013 was broken by Daisy. One other school record was broken by the U12 Mixed Freestyle Relay team (Jeremy, Stephanie, Mateo, Reuben) by 0.26 seconds. Well done team – it was a great victory in the end!

1st St Faith's 127
2nd Bedford 148
