

Use of Pupil Images Consent Form

St Faith's frequently takes images and videos for reasons described in the School's 'Taking, Storing and Using Images of Children' policy. Certain uses of images are necessary for the operation of the School; other uses are in the legitimate interests of the School and its community and therefore, the School is entitled lawfully to process such images and take decisions about how to use them, subject to any reasonable objections raised.

- Marketing the School digitally, in print and when required for the published media (e.g. via website, social media, prospectus, local and national media).

We will take appropriate measures to try to ensure that where third parties wish to use photo or video of St Faith's children, this is only done if it is in line with our policies.
