

## 2RB PE Lessons

Please take time to enjoy the work which 2RB have undertaken in PE since Christmas. The children have improved their basic skills of rolling, jumping and cartwheeling and have cooperated to produce short matching sequences in pairs and threes. The children's targets were to produce a sequence where their movements were simultaneous and where the performance was as stretched and controlled as possible. Just before Easter you will be able to watch 2JC as they share their work in Gymnastics.
