

Year 4 Maths Challenge

Last Friday, St Faith's took great pleasure in hosting the Cambridge Year 4 Maths Challenge. Over 30 schools took part and Ashburton hall was buzzing with the excitement of 126 young mathematicians getting their teeth into a number of puzzles and problems. They were overseen by a number of our Year 6 pupils, who were highly complimented by the organiser. St Faith's was represented by Toby G, Mikhail LS, Jake T, Arabella M, Katie F and Lucy H. All our mathematicians all performed well, but special mention must go to Jake and Arabella who finished in top spot.

Well done to them all.

Mr P Kite
