

MY HOME LEARNING AT ST FAITH'S

BY ARTEMIS

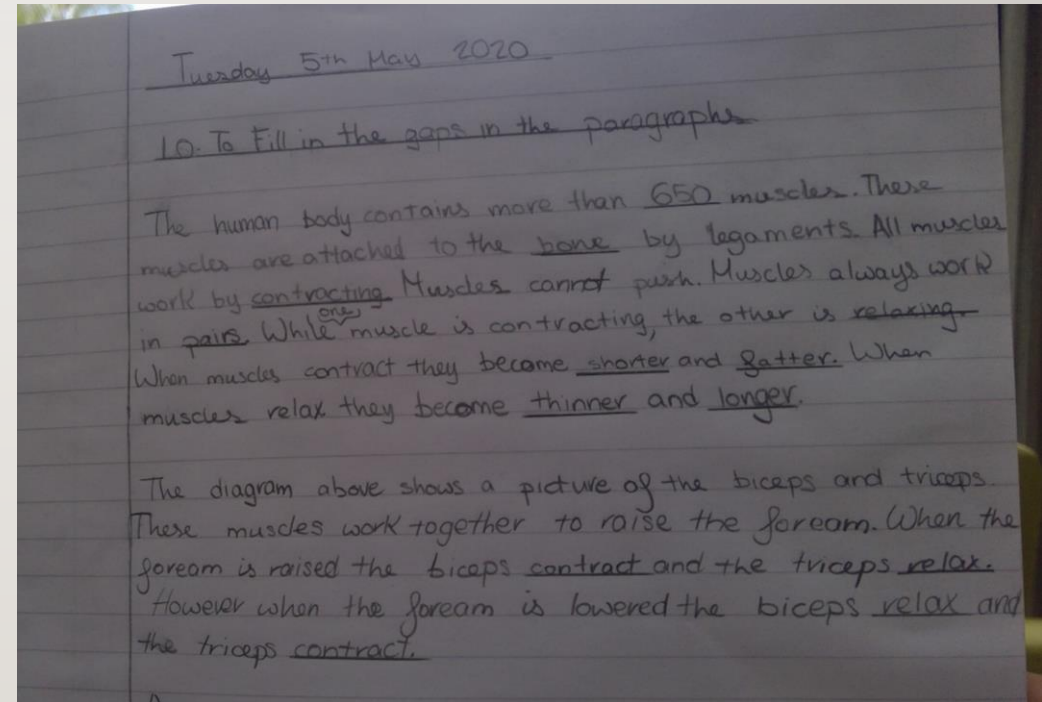

ENGLISH IN HOME LEARNING

At English home learning we usually discuss what we are doing and work as a team to answer a question or to do a story, we always work together with our class and share our ideas.

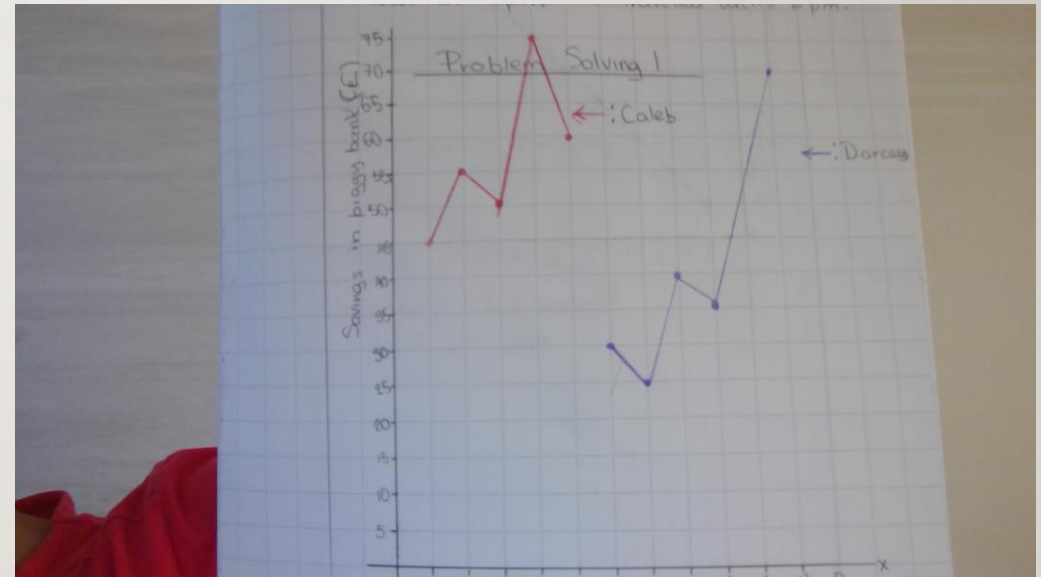

SCIENCE HOME LEARNING

Usually in Science home learning I enjoy working and learning new things. I really like science because every week I learn something new about the human body.

MATHS HOME LEARNING

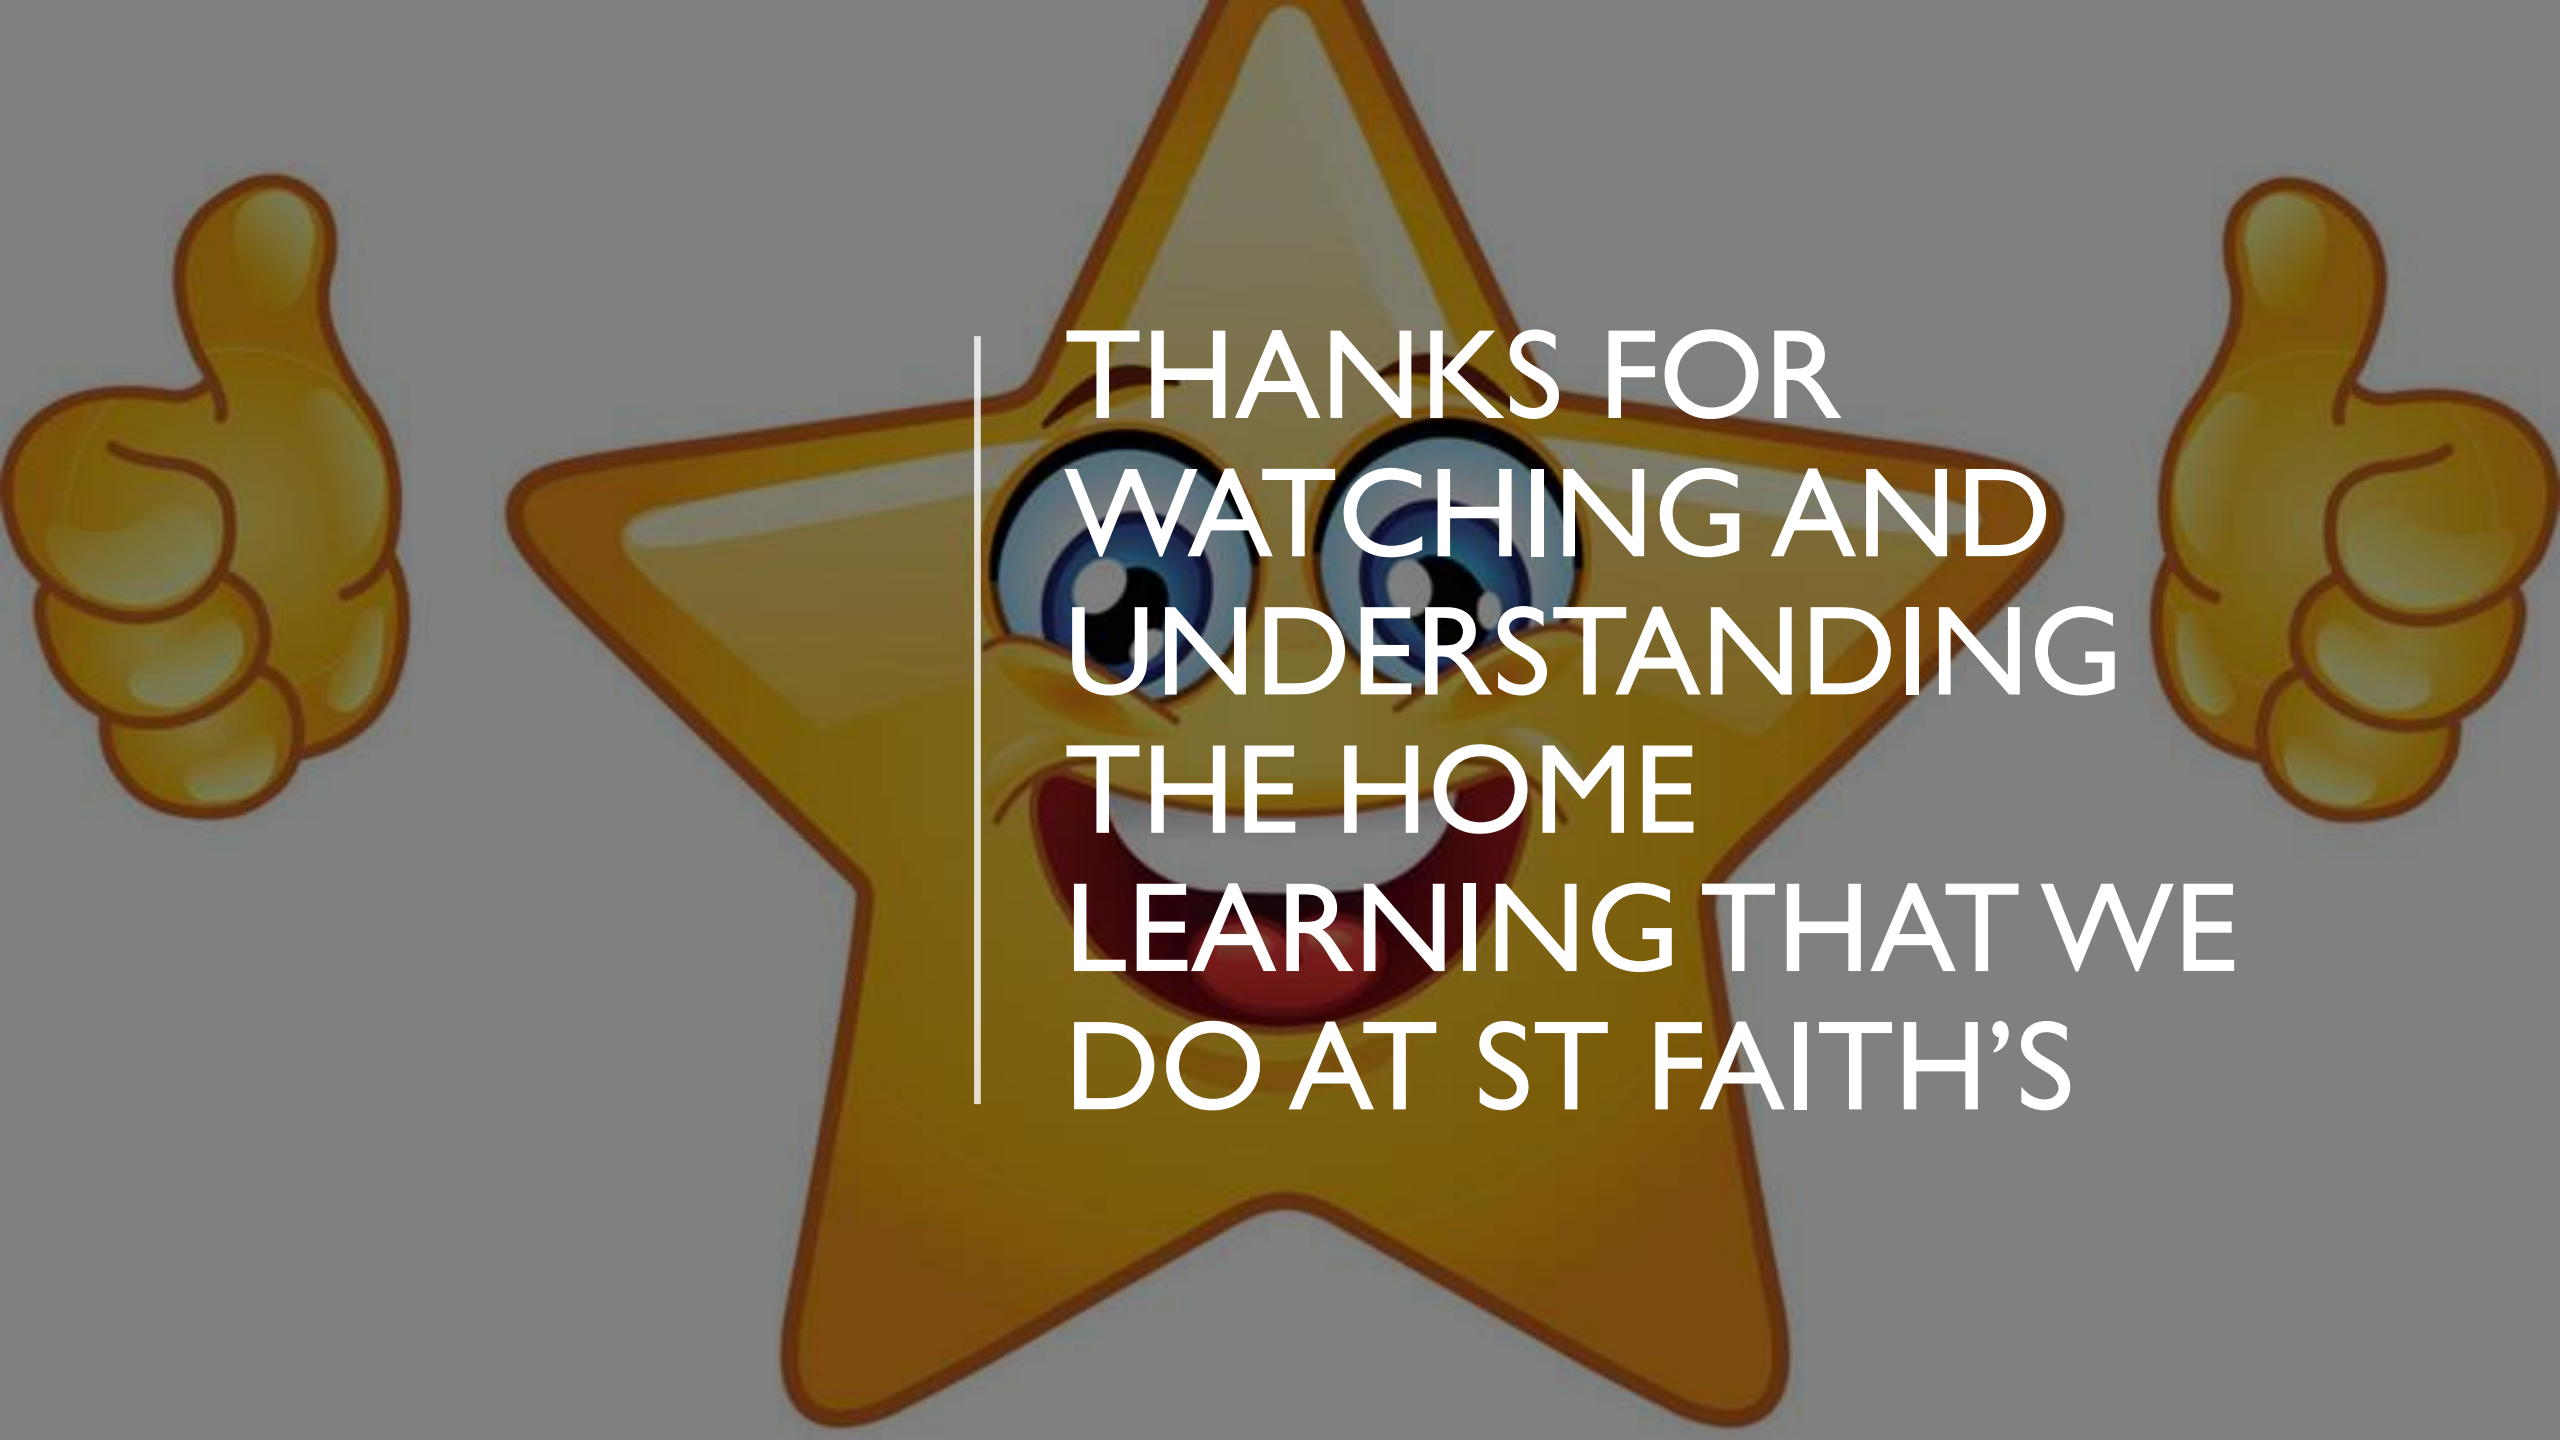

At Maths home learning I really enjoy the challenging calculations and the difficult word problems that we get.

OTHER SUBJECTS

Normally in other subjects I really enjoy the new vocabulary that we learn. Like in Spanish we are learning the different types of houses.

THANKS FOR
WATCHING AND
UNDERSTANDING
THE HOME
LEARNING THAT WE
DO AT ST FAITH'S
