

SFPA buddy system for new St Faith's parents

St Faith's Parents' Association (SFPA) is pleased to announce that it has launched a buddy programme for new families joining the school. While current safeguarding measures means there are limited opportunities for face-to-face parent engagement at present, we want to make sure that all new families are welcomed into the St Faith's community as best we can! The buddy programme aims to connect a new family with an existing St Faith's family to answer any non-academic/informal questions and queries they have (e.g. tips on school parking, uniform, activities, info on the local area etc). If you are new to St Faith's and would like to be buddied up, or if you would be interested in volunteering as a future buddy for a new family, please get in touch via buddy.sfpa@stfaiths.co.uk.
