

Pre Prep

This week the children have gradually built their skills and we are most impressed by the way Home Learners are using TEAMS to contribute to teaching sessions; well done to them. In a normal day at school there are frequent opportunities for children to move away from their tables. Learning anything new can be tiring for some and exhausting for others, additionally changes to routine can cause us all to feel unsettled. We regularly adjust what we do to suit the children's needs. Please trust your own judgement about how to handle Home Learning in a way that best suits your child and your family circumstances.

For those coming into school, below is a reminder of days when children need to wear their PE kit. We are happy for any combination of school uniform to be worn, please mix and match as you see fit. We hope that this will help the children to feel as comfortable as possible. Trainers/plimsols should remain in school so that children always have a change of footwear. School shoes should therefore be worn for travelling in and out of school.

Monday	Tuesday	Wednesday	Thursday
Foundation	Year 1	Foundation	Year 1
	Year 2		Year 2

After another busy week, either at home or at school, have a lovely weekend break and enjoy some time away from the screen.

Years 1 & 2 Teaching Team
