

Chess News

Gargantuan congratulations to Year 5's Isaac L who had a highly successful chess Megafinal at the weekend, qualifying for the UKCC U10s Gigafinal.

This annual, multi-county event used to be held in our very own Ashburton Hall but, due to COVID, was run using an online format this year. Please join me in congratulating Isaac if you see him around school, and wish him luck in the Gigafinal, where he'll battle it out with the other geniuses in his age category.

If you have – or are the parent of someone who has – qualified for the Gigafinal, please let me (Mr Mitchell) know, as I have no other way of finding out due to the present online format.

Mr Mitchell
