

Golf

School golf is back! St Faith's entered a team into the ISGA Wellington Salver on 6th June. Three Year 6, 7 and 8 golfers (Luca, Matthew, Ian) played in a team stableford competition and one Year 6 (Ross) played in the individual handicap competition. Schools from all over England and Scotland played 18 holes on the wonderful (and very challenging) nine hole layout at Wellington College. We finished in the middle of the pack but most importantly the children learned a lot about competitive team golf and how to manage yourself in a pressurised situation. They made their parents and teacher very proud!

Many thanks must go to all the parents who provided transport, food, support and ball spotting skills!

The next school golf will be in E week when the Year 5s with some golf experience will have the chance to play a competition at Cambridge Lakes and receive some tuition from Mr Rusted and Tom Rogers who is a PGA Pro from Gog Magog GC. It is great to see that this group comprises 12 boy and 12 girls. For those without golfing experience, Mr Gillick will run some golf beginner games and skills challenges at school.

Equipment: Mr Rusted is always of the lookout for kind donations of golf clubs (ladies and junior preferably). He is keen to upcycle any unused equipment as he can cut clubs down and regrip them so they become perfectly usable for lessons in school. If you have any spare clubs then please email him: wruited@stfaiths.co.uk
