

House Gymnastics Results

On Sunday 23rd May, 73 gymnasts converged on school to participate in a virtual gymnastics competition in a COVID secure setting. Each age group remained in a strict bubble and the normal cleaning regime was undertaken between groups entering the gym. Although the competition took place in our gym and we seemed to be on our own we were part of a nationwide competition which included around 400 girls and boys. The judges were connected to us via Microsoft teams and the children were interested to hear that one judge was actually judging in The Hague in Holland where there is even an hour time difference.

Along with the ISGA competition, we ran our House Gymnastics. Each year this important competition is hard fought and winners are announced in two categories in each boys' and girls' age group; novice and advanced. The individual winners will receive their trophies at the end of term in a special Year group awards ceremony.

The team result was calculated by adding up the top 10 marks in each discipline for each House.

It is time to announce the overall results of the 2021 House Gymnastics Competition.

Congratulations to all participants who have endured a year of interrupted training but who have stuck at this sport and who are well prepared for next season.

4th place: Newton: 156.7

3rd place: Bentley: 161.6

2nd place: Chaucer: 168.2

1st place: Latham: 172.95

Well done to everyone who participated and performed so well to represent their House and the school.

Mrs L North

Year 5 Tutor and Teacher of Sport
