

# IAPS Netball Regional Round

Our U13 Netball Girls' are Regional Champs, and off to IAPS National Finals!

Along with 14 other schools, eight of our Year 7 and 8 girls spent the day at Ipswich yesterday competing in a Regional IAPS round. The day was filled with displays of togetherness and team work on the court, and with laughter and smiles off the court. Playing six pool games followed by three knockout games saw many tough and rewarding games. Connected by the same goal, the girls embraced the challenges presented through the day and enjoyed the pressure moments we play sport for.

Highlights of the day included Lanna leaving her player to go for dazzling intercepts out of the circle, Izy demonstrating great leadership by grafting the entire day, Phoebe B being the workhorse and never giving her opponents an inch, Gemma's accurate passes through court and constant smile, Lillian's one second feeds into the shooters, Phoebe W's vision and drives through court, Effie's calm shooting under pressure and birthday girl Brooke for her consistent court play and shooting throughout the day (and, of course, the donuts).

The girls would like to acknowledge the other girls who weren't there on the day but have been training with us each Monday, we consider you all a part of the school's success. Another big thanks to all the parents who were supporting from home, work or in person.

Huge congratulations to the girls for being crowned IAPS Regional Champs. Watching you all thrive yesterday, I couldn't be more proud to be involved with this team.

Bring on Nationals in March!

Mrs Melville  
Head of Netball
