

SAVE OUR RAINFORESTS

<Change your diet>

Instead of eating food from the tropical Rainforests like pineapples and mangos, eat local foods like apples and pears.

Eat local foods instead of eating food from the Rainforests.

This saves plastic packages and Carbon Dioxide from going into the air from travelling.

Be Forest Friendly

Save the air from carbon dioxide.
eat local.
Save forests.

<Support Buisnesses that help the Rainforests and create fair trade food>
<Buy fair trade food which support Rainforests around the world>

These buisnesses are helping save our rainforests.
