

Half Marathon Champions

Last weekend, 6 intrepid St Faith's staff completed the Cambridge half marathon. Their long hours of training paid off, with most of them achieving personal best times on the course, and they were very appreciative of the support they received around the course from the St Faith's community. They were featured in this week's Year 3 and 4 assembly which focussed on inspirational women throughout history on International Women's Day. Congratulations to them all – we are very proud of their dedication and achievement!

Some of them were running in support of particular charities and you can sponsor them by following the links below.
