

Department of Music

Years 3 – 8 Class Concerts – w/c 23rd May

The Class Concerts series begins This series is an opportunity for pupils to perform to their class during the weekly class music lesson.

It is ideal preparation for any looming instrumental exams. More importantly it is an opportunity for pupils to share their musical progress with a receptive audience. All instrumentalists are invited to prepare a performance for their class. Please remind the children to bring their accompaniments with them.

Only published music scores should be brought into school, not photocopies. Published music is readily available from most online music stores.
